

ROOFING SELECTION GUIDE

LUXURY, DESIGNER & TRADITIONAL ROOFING SHINGLES

You know it when you see it.

It's not just a roof.
It's a CertainTeed roof.

Quality. Durability. Style. Color.

When you select a roof for your home, there's a lot to consider.

That's when a roof becomes more than just a roof. The same way a home is more than just a house.

You want the best for your home and everything in it.

So why guess,
when you can be **Certain?**

CertainTeed
SAINT-GOBAIN

LUXURY SHINGLES

Symphony, shown in Capital Blend

SYMPHONY®

- A specially engineered composite shingle that mimics the look and feel of natural slate
- Lighter and more durable than natural slate
- Exceptional UV fade-resistant surface technology for superior color stability
- 50-year limited, transferable warranty*
- 7-year SureStart™ protection
- 5-year 90 mph wind-resistance warranty
- Hip and ridge accessory available (see details in back of brochure)

* See warranty for specific details and limitations.

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Fire Resistance:

- UL Class A (with approved underlayment)

Wind Resistance:

- Passed ASTM D3161 wind resistance at 110 mph

Impact Resistance:

- UL2218 Class 4

COLOR AVAILABILITY

COLOR AVAILABILITY

GRAND MANOR[®]

- Two full-size, fiber glass base shingles with randomly applied tabs
- Authentic depth and dimension of natural slate
- Virtual five-layer coverage when applied
- 425 lbs. per square
- Lifetime limited transferable warranty - residential*
- 50-year limited transferable warranty - group-owned or commercial*
- 15-year StreakFighter[®] algae-resistance warranty
- 10-year SureStart[™] protection
- 15-year 110 mph wind-resistance warranty
- Wind warranty upgrade to 130 mph available. CertainTeed starter and CertainTeed hip and ridge required
- High-Performance Starter and hip and ridge accessory available (see details in back of brochure)

* See warranty for specific details and limitations.

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Fire Resistance:

- UL Class A
- UL certified to meet ASTM D3018 Type 1

Wind Resistance:

- UL certified to meet ASTM D3018 Type 1
- ASTM D3161 Class F

Tear Resistance:

HIP AND RIDGE ACCESSORIES

Shangle® Ridge Accessory

- Hip and ridge capping
- Two full layers
- 12" width allows application over standard ridge vents
- Full 8" exposure
- Matches all Grand Manor, Highland Slate, Carriage House and Belmont colors
- Algae resistant

Shadow Ridge®

- Used for hip and ridge capping
- Single-layer coverage for product versatility
- Sealant strip for maximum adherence
- Dimensions are 12" x 12", with a 5" exposure
- Can be used on shingle-over vents or directly over centerline of hip or ridge
- Available in complementary product colors (see individual Roofing Plant Catalogs for color availability)

Mountain Ridge®

- Fiber glass reinforced SBS modified bitumen
- Five layer design with tri-laminate base
- Available in 8" and 10" widths
- 8" exposure
- Algae resistant

Solaris® Hip and Ridge

- Used for hip and ridge capping
- Matches Landmark Solaris shingle colors
- Covers 33.75 lineal feet per bundle; 24 shingles per bundle

Cedar Crest®

- Dimensions are (overall) 12" x 36", separated into individual pieces 12" x 12", with an 8" exposure
- Covers 20 lineal feet per bundle
- Matches Landmark Series, Landmark TL, Presidential Shake, Presidential Shake TL, Highland Slate and Belmont colors

Symphony®

- Used for hip and ridge capping
- Matches Symphony colors

12" NorthGate® Accessory

- Hip and ridge for NorthGate shingles

Integrity Roof System™

Integrity is built from the bottom up. Layer-on-layer, only CertainTeed provides the peace of mind that comes with the best components performing together for peak efficiency.

1. Waterproof Underlayment

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams

2. Water-resistant Underlayment

High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks

3. Starter Shingles

Perfect starts every time and designed to work in tandem with the roof shingles above

4. Roof Shingles

Choose the best, covered by the strongest warranty in the business

5. Hip & Ridge Caps

Perfect finish for hip and ridge lines, complementing all CertainTeed shingles

6. Roof Ventilation

Engineered for ideal roof ventilation especially when matched with CertainTeed Intake Vents

StreakFighter® algae-resistance protection

StreakFighter is a special feature that protects a wide range of CertainTeed shingles from the streaking, spotting and discoloration caused by airborne algae. It helps safeguard a roof's beauty, especially in humid areas.

SureStart™ protection

Because CertainTeed roofing products are manufactured to the highest quality standards, we confidently include the additional assurance of SureStart™ protection with all CertainTeed shingles. SureStart provides the strongest protection you can get in the vital early years after your new roof has been installed.

Simply put, if a manufacturing defect is discovered during the SureStart period, CertainTeed will provide reimbursement of 100% of the cost of the shingles and labor to repair the defective shingles or apply new shingles to replace the defective shingles. See actual warranty for details and limitations.

Roofers' Select®

This revolutionary high-performance underlayment combines new technology with the best attributes of true 15 and 30 lb. felt.

- Lays flat and is extremely resistant to wrinkling
- Reduces the likelihood of slipping for increased safety
- Doesn't tear away from fasteners when walked on or in strong wind
- Meets underlayment requirements for the CertainTeed Integrity Roof System™

DiamondDeck®

DiamondDeck is a synthetic, scrim-reinforced, water-resistant underlayment that can be used beneath shingle, shake, metal, or slate roofing. It is manufactured to provide best-in-class performance in terms of both weather protection and contractor safety. 10-square roll (4-foot wide and 250-foot long) is easier to handle and faster to apply than standard felt rolls.

WinterGuard®

When snow and ice melt, trapped water can infiltrate to damage the roof deck and building interior.

WinterGuard is installed under shingled roofing to prevent water damage from ice dams, as well as wind-driven rain.

WinterGuard is designed for use on roof decks as a waterproofing underlayment beneath shingle, slate and tile roofs to prevent leakage due to water backup from ice dams or wind-driven rain. WinterGuard HT, an advanced waterproofing underlayment, is specially formulated to resist high roof temperatures and is the only WinterGuard product to be warranted for use under metal roofs. WinterGuard is most commonly used in critical areas such as roof eaves, valleys and low-slope applications.

For specific details and limitations, refer to the actual product warranties.

MetaLayment® Self-Adhering Metal Underlayment

MetaLayment has a tough, tear-resistant film on its top surface that will not scratch roofing metal applied over it. The adhesive bottom surface of MetaLayment is protected with a disposable silicone-coated release film, which is split longitudinally down the middle for easier application. Manufactured to meet ASTM D1970.

Color Companion Products™ for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that complement some of the most popular CertainTeed shingles.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

CertainTeed starter and CertainTeed hip and ridge required.

*** With approved underlayment

High-Performance Starter

Starter Course shingle specifically for use with Grand Manor, Belmont and Highland Slate—and the only approved installation alternative to using the shingles themselves.

- 10" x 36", 102 lineal ft. per bundle, 34 shingles per bundle
- Provides labor and cost savings by not cutting shingles
- Dual sealant strip for increased wind resistance
- Better look with straight factory-cut eave edge

Presidential Starter

Required for Presidential Shake TL and Presidential Shake applications.

- 13 1/4" x 40" (required double layer), 36.5 lineal ft. per bundle (based on 2-layer application), 22 shingles per bundle
- Two layers of straight factory-cut eave edge
- Available in the entire Presidential Shake TL and Presidential Shake color line
- Assures Class A fire rating
- Saves significant installation time

CertainTeed Swiftstart®

CertainTeed Swiftstart metric starter shingle is designed specifically for use with CertainTeed Landmark Series shingles. Rather than cutting expensive field shingles to use as starters, you can save time and money by starting with Swiftstart.

- Code-compliant, meets min. 2" headlap requirement for metric shingles; many competing products do not
- Each 18-piece bundle covers 116 lineal ft.
- Recommended for use to obtain enhanced warranties

Shangle® Ridge Accessory

- Hip and ridge for Grand Manor, Carriage House, Highland Slate and Belmont; 10 lineal ft. per bundle; 15 shingles per bundle

Shadow Ridge®

- Hip and ridge for Landmark Series and Independence; 30 lineal ft. per bundle; 24 shingles per bundle

Mountain Ridge®

- Hip and ridge for Presidential TL, Presidential Shake, Presidential Solaris, Landmark TL, Landmark Series and Landmark Solaris.

Solaris® Hip and Ridge

- Used for hip and ridge capping
- Matches Landmark Solaris shingle colors
- Covers 33.75 lineal ft. per bundle; 24 shingles per bundle

Cedar Crest®

- Hip and ridge for Landmark Series, Landmark TL, Presidential Shake, Presidential Shake TL, Highland Slate and Belmont; 20 lineal ft. per bundle

Symphony® Hip and Ridge

- Full line of hip and ridge accessories to complement and enhance the slate-inspired look of Symphony.

12" NorthGate® Accessory

- Hip and ridge for NorthGate shingles

Ventilation

- CertainTeed Ridge Vent 9" filtered
- CertainTeed Ridge Vent 12" filtered/unfiltered
- CertainTeed Rolled Ridge Vent filtered/unfiltered
- CertainTeed Intake Vent filtered
- CertainTeed Static Vent

RESIDENTIAL ROOFING

The best formula under one roof.

We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing process and test our finished products. The result is superior performance from beginning to end.
